YATHARTH TECHNO CONSTRUCTION

PROJECT MANAGEMENT CONSULTANT

ABOUT US

Yatharth Techno Construction is a multidisciplinary Project Management Consultancy (PMC) firm offering specialized services in Civil Works, MEP (Mechanical, Electrical & Plumbing) Systems, Cost Control, and Audit Management.

With a proven track record across industrial, commercial, and residential projects, our firm provides complete project oversight – from planning and coordination to execution, monitoring, and closure. We emphasize timely delivery, adherence to quality standards, and financial discipline throughout every phase of the project.

Our key areas of expertise include:

Project Management Consultancy (PMC): Strategic project planning, supervision, coordination, and reporting.

Civil & MEP Works: Technical evaluation, site inspections, and quality compliance for all construction and service activities.

Cost Control & Billing Audit: Comprehensive verification of contractor bills, rate justifications, and project cost monitoring.

Technical & Quality Audits: Independent reviews of workmanship, material quality, and documentation for transparency and accountability.

At Yatharth Techno Construction, we are committed to delivering excellence through technical proficiency, systematic management, and transparent professional practices — ensuring our clients achieve optimal project outcomes.

OUR MISSION

At Yatharth Techno Construction, our mission is to deliver excellence in Project Management Consultancy through comprehensive oversight of Civil and MEP (Mechanical, Electrical & Plumbing) works. We are committed to ensuring quality execution, cost efficiency, and timely delivery of every project.

We strive to support our clients with transparent cost control, systematic audits, and technical guidance—creating sustainable value and fostering trust in every stage of project development.

OUR VISION

Our vision is to be a trusted leader in Project Management Consultancy, recognized for excellence in Civil, MEP, and Cost Control Audit services. We aim to set new benchmarks in quality, transparency, and efficiency, ensuring every project we manage achieves the highest standards of technical integrity and client satisfaction.
